

Point of Order

- A “point of order” is an announcement that the rules are not being followed.
- A point of order is *not* a “viewpoint” that you want to share with the group. It’s not a way to challenge the rules, the WSO, Board, or the ABC.
- A point of order is not a way to show off your *Robert’s Rules* expertise.
- As with Robert’s Rules, please don’t make points of order “on minor irregularities of a purely technical character” if there’s no real harm to members’ rights or the transaction of business.
- On ABC Day 3, submit any point of order in chat to: Liz or Charlie

Point of Information

- A point of information is a *request for information* on a specific question, either about process or about the content of a motion.
- A point of information does not give the speaker the privilege to provide information.
- If you have a point of information for the body, send a chat to: Sue V, Brad H, or Jasmina
